

U.S. Government or agencies of cooperating governments as set forth in § 740.11(b) of the EAR, to export or reexport items with a UN reason for control to countries listed in paragraph (b)(2) of this section. This paragraph does not apply to Iraq, which is governed by § 746.3(c) of this part; North Korea, which is governed by § 746.4(c) of this part; or Iran, which is governed by § 746.7(c) of this part.

(c) *Russian Industry Sector Sanctions.* The Russian Industry Sector Sanctions are set forth under § 746.5 and referenced under the License Requirements section of certain Export Control Classification Numbers (ECCNs) in supplement No. 1 to part 774 (Commerce Control List), as well as in a footnote to the Commerce Country Chart in Supplement No. 1 to part 738.

(d) This part also contains descriptions of controls maintained by the Office of Foreign Assets Control in the Treasury Department and by the Directorate of Defense Trade Controls in the Department of State. Comprehensive embargoes and supplemental controls implemented by BIS under the EAR usually also involve controls on items and activities maintained by these agencies. This part sets forth the allocation of licensing responsibilities between BIS and these other agencies. References to the requirements of other agencies are informational; for current, complete, and authoritative requirements, you should consult the appropriate agency's regulations.

§ 746.2 Cuba.

(a) *License requirements.* As authorized by section 6 of the Export Administration Act of 1979, as amended (EAA) and by the Trading with the Enemy Act of 1917, as amended, you will need a license to export or reexport all items subject to the EAR (see part 734 of the EAR for the scope of items subject to the EAR) to Cuba, including any release of technology or source

code subject to the EAR to a Cuban national, except as follows:

(1) *License exceptions.* You may export or reexport without a license if your transaction meets all the applicable terms and conditions of any of the following License Exceptions. To determine the scope and eligibility requirements, you will need to turn to the sections or specific paragraphs of part 740 of the EAR (License Exceptions). Read each License Exception carefully, as the provisions available for embargoed countries are generally narrow.

(i) Temporary exports and reexports (TMP) by the news media (see § 740.9(a)(9) of the EAR).

(ii) Operation technology and software (TSU) for legally exported commodities or software (see § 740.13(a) of the EAR).

(iv) Software updates (TSU) for legally exported software (see § 740.13(c) of the EAR).

(v) Parts (RPL) for one-for-one replacement in certain legally exported commodities (see § 740.10(a) of the EAR).

(vi) Baggage (BAG) (see § 740.14 of the EAR).

(vii) Governments and international organizations (GOV) (see § 740.11 of the EAR).

(viii) Gift parcels and humanitarian donations (GFT) (see § 740.12 of the EAR).

(x) Aircraft, vessels and spacecraft (AVS) for certain aircraft on temporary sojourn; equipment and spare parts for permanent use on a vessel or aircraft, and ship and plane stores; or vessels on temporary sojourn (see § 740.15(a), (b), and (d) of the EAR).

(xi) Permissive reexports of certain spare parts in foreign-made equipment (see § 740.16(h) of the EAR).

(xiv) License Exception Support for the Cuban People (SCP) (see § 740.21 of the EAR).

(2) *Deemed exports and deemed reexports.* A license is not required to release technology or source code subject to the EAR but not on the Commerce Control List (*i.e.*, EAR99 technology or source code) to a Cuban national in the United States or a third country.

(b) *Licensing policy.* Items requiring a license are subject to a general policy of denial, except as follows:

(1) *Medicines and Medical Devices.* Applications to export medicines and medical devices as defined in part 772 of the EAR will generally be approved, except:

(i) To the extent restrictions would be permitted under section 5(m) of the Export Administration Act of 1979, as amended (EAA), or section 203(b)(2) of the International Emergency Economic Powers Act;

(ii) If there is a reasonable likelihood that the item to be exported will be used for purposes of torture or other human rights abuses;

(iii) If there is a reasonable likelihood that the item to be exported will be reexported;

(iv) If the item to be exported could be used in the production of any biotechnological product; or

(v) If it is determined that the United States government is unable to verify, by on-site inspection or other means, that the item to be exported will be used for the purpose for which it was intended and only for the use and benefit of the Cuban people, but this exception shall not apply to donations of medicines for humanitarian purposes to a nongovernmental organization in Cuba.

(2) Telecommunications items may be authorized for export or reexport to Cuba on a case-by-case basis.

(3) Applications for licenses may be approved, on a case-by-case basis, for certain exports to Cuba intended to provide support for the Cuban people, as follows:

(i) Applications for licenses for exports of certain commodities and soft-

ware may be approved to human rights organizations, or to individuals and non-governmental organizations that promote independent activity intended to strengthen civil society in Cuba when such exports do not give rise to U.S. national security concerns. Applicants may donate or sell the commodities or software to be exported. Reexport to other end-users or end-uses is not authorized.

(ii) Commodities and software may be approved for export to U.S. news bureaus in Cuba whose primary purpose is the gathering and dissemination of news to the general public.

§ 746.3 Iraq.

Pursuant to United Nations Security Council (UNSC) Resolutions 1483 and 1546 and other relevant resolutions, the United Nations maintains an embargo on the sale or supply to Iraq of arms and related materiel and their means of production, except items required by the Government of Iraq to serve the purposes of Resolution 1546. UNSC Resolutions 707 and 687 require that Iraq eliminate its nuclear weapons program and restrict its nuclear activities to the use of isotopes for medical, industrial or agricultural purposes. Such resolutions further mandate that Iraq eliminate its chemical and biological weapons programs as well as its ballistic missile program. In support of the applicable UNSC resolutions, certain Iraq specific license requirements and licensing policies are detailed in this section. In addition, this section details restrictions on transfers of items subject to the EAR within Iraq. Exporters should be aware that other provisions of the EAR, including parts 742 and 744, will continue to apply with respect to exports and reexports to Iraq and transfers within Iraq.

(a) *License requirements.* (1) A license is required for the export or reexport to Iraq or transfer within Iraq of any item controlled on the Commerce Control List for NS, MT, NP, CW, CB, RS, CC, EI, SI, or SL reasons. See part 742 of the EAR.

(2) A license is required for the export or reexport to Iraq or transfer within Iraq of any item controlled on the Commerce Control List for UN reasons.

(3) A license is required for the export or reexport to Iraq or transfer within Iraq of items on the Commerce Control List controlled for RS reasons under the following ECCNs: 0B999,

0D999, 1B999, 1C992, 1C995, 1C997, 1C999 and 6A992.

(4) A license is required for the export or reexport to Iraq or transfer within Iraq of any item subject to the EAR if, at the time of the export, reexport or transfer, you know, have reason to know, or are informed by BIS that the item will be, or is intended to be, used for a “military end-use” or by a “military end-user”, as defined in this section. This license requirement does not apply to exports, reexports or transfers of items for the official use by personnel and agencies of the U.S. Government or exports, reexports or transfers to the Government of Iraq. See § 740.11(b)(3) of the EAR for the definition of “agency of the U.S. Government.” BIS may inform an exporter, reexporter, or other person, either individually by specific notice or through amendment to the EAR, that a license is required for export, reexport or transfer of items subject to the EAR to specified end-users, because BIS has determined that there is an unacceptable risk of diversion to the uses or users described in this paragraph. Specific notice is to be given only by, or at the direction of, the Deputy Assistant Secretary for Export Administration. When such notice is provided orally, it will be followed by a written notice within two working days signed by the Deputy Assistant Secretary for Export Administration. The absence of any such notification does not excuse the exporter, reexporter or other person from compliance with the license requirements of this paragraph.

(i) *Military end-use.* In this section, the phrase “military end-use” means incorporation into a military item described on the U.S. Munitions List (USML) (22 CFR part 121, International Traffic in Arms Regulations) or the Wassenaar Arrangement Munitions List (WAML) (as set out on the Wassenaar Arrangement website at <http://www.wassenaar.org>); or use, development, or deployment of military items described on the USML or the WAML.

(ii) *Military end-user.* In this section, the term “military end-user” means any “person” whose actions or functions are intended to support “military end-uses” as defined in paragraph
